

Manual for Submitting Clinical Pictures and/or relevant images to the ECARUCA Database

Besides the submission of clinical data, the clinician will be able to submit clinical pictures of the patient and/or relevant images as well. Submitting of the images is usually done by the clinician involved in a particular case, but may also be performed by the cytogeneticist.

You need an ECARUCA **clinician** account to be able to submit images. An account request form is available online at the log in page.

Follow the steps below to submit pictures to the ECARUCA database:

Step 1: Log in with your clinician account to access the restricted pages of ECARUCA

ECARUCA

Home > Log in

Log in

Account name

Password

Password forgotten? Please [contact us](#) .

Not an ECARUCA-member yet? Please go to the [account request form](#) .

Step 2: Click on the link 'submit clinical pictures'

Welcome to the restricted pages of the ECARUCA web site

★ Please choose one of the following:

- [Submit clinical information](#)
- [Submit clinical pictures](#)
- [Search by chromosome aberration](#)
- [Search by clinical feature\(s\)](#)
- [List of all cases submitted by your institute](#)
- [List of all participating centres and how to contact them](#)
- [Patient of the Month](#)

★ Or return to the public pages to visit:

- [General information](#)
- [Rules and regulations](#)
- [Newsletter](#)
- [Downloadable information letters for clinicians and parents](#)
- [Links to \(cyto\)genetic web sites, Parent Organizations and the ECA web site](#)

Step 3: Enter the case ID for which pictures need to be entered.

Please note that only the clinician account holder who is listed as the clinician of the respective patient can submit pictures to the specific case ID.

Log out Help

Restricted homepage > My

Submission of clinical pictures and / or other relevant images

★ Please enter case ID.

Case ID:

[Back to the restricted homepage](#)

Step 4: Select the image file to be uploaded from your computer.

Log out Help

Restricted homepage > Submit Clinical Images

Submission of clinical pictures and / or other relevant images

★ Please enter image file and remark (optional) for case 4508

Maximum file size 1 MB / image. Formats to be used: jpg, jpeg, gif, png, bmp, tif. Images will be published in ECARUCA after approval by the clinical datamanager.

Image file Name

Remark

No uploaded file found.

[Back to My Cases](#)

Please note that the maximum file size is 1 MB per image.
The formats to be used are: jpg, jpeg, gif, png, bmp and tif.

If you prefer, you can place a remark to be connected to the image in the remark field.

Step 5: Click on the link "Upload file".

Log out Help

Restricted homepage > Submit Clinical Images

Submission of clinical pictures and / or other relevant images

★ Please enter image file and remark (optional) for case 4508
